

# How to Dispose of Garbage

~Follow the rules and correctly dispose of garbage on the correct day, at the correct location~

## **Burnable Garbage (twice weekly)**

### Collection Day:

Please refer to the 'Burnable Garbage Disposal and Collection Date Guide' and take your garbage to your local collection area by 8:30am on collection day.

- Please confirm garbage collection days in the 'Burnable Garbage Disposal and Collection Date Guide.'
- Garbage is collected on the designated days regardless of public holidays.
- Please dispose of large objects that do not fit in the garbage bags yourself.\*

### Designated Garbage Bags:

Please put your burnable garbage in the city's designated green polyethylene garbage bags.

- Garbage bags come in two sizes; large (30L x 20 bags) and small (20L x 20 bags).
- Garbage bags are sold at local supermarkets, convenience stores, shopping centres and retail stores.
- Please be careful not to confuse Fukuroi's garbage bags with Iwata's garbage bags, which are similar in color and material.

### Garbage Collection Area:

Garbage collection areas are chosen by the local residents. Therefore, if you are not sure where to put out your garbage, ask someone in your neighborhood. Please do not leave garbage at collection areas outside of your own neighborhood.

## **Recyclable Garbage and Landfill Garbage (twice monthly)**

### **Collection Day:**

Please refer to the Collection Date Guide and take out recyclable and landfill garbage during the collection hours designated by your local neighborhood council.

- Please refer to the 'Recyclable and Landfill Garbage Separation and Collection Dates Guide' to confirm collection dates and garbage separation details.

### **Collection Methods:**

Please separate and put garbage in the prepared baskets and/or containers at the garbage collection area.

- Please dispose of large objects that do not fit in the containers and/or baskets yourself.\*
- To reduce waste, please recycle reusable objects at markets etc.

### **Collection Area:**

If you are not sure when or where to take out your recyclable garbage, either ask someone in your neighborhood, enquire at the City Hall Waste Management Division or enquire at the Asaba Branch Office Community Service Division.

**\*Please refer to the 'Garbage Disposal Guide' to confirm what garbage cannot be disposed of in the city and how to dispose of garbage yourself.**
