

Building a Safe and Peaceful City, Together

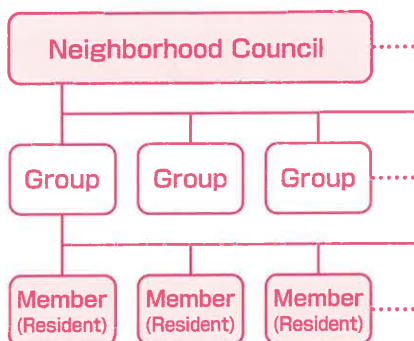

Join the Neighborhood Council

When the time comes, will those around you help one another?

Neighborhood councils are organizations that, through mutual cooperation, community, disaster and crime prevention, traffic safety and environmental beautification help to make our neighborhoods into a wonderful city. In Fukuroi City, Neighborhood Councils are the link to improving our city. In order to perform more effective activities, we need your help. Please join your Neighborhood Council.

Organizational Chart

How to Join

- Please give your Neighborhood Council Application Form (on the back side of this flyer) to your local Neighborhood Council President.
- If you don't know your local Neighborhood Council President or how to contact them, please contact the Fukuroi City Collaborative Community Development Division at:

TEL. 0538-44-3107

FAX. 0538-43-2132

E-mail: shimin-kyodo@city.fukuroi.shizuoka.jp

Helping others, is the benefit of joining your Neighborhood Council

Disaster Prevention

We don't know when disasters will happen. Neighborhood Councils help to prepare for earthquakes, fires, flooding and other natural disasters. We conduct twice yearly disaster preparedness trainings as well as consider the needs of our neighbors and conduct training. When a disaster strikes, we understand that individual and family power is limited and that we need our community to help and protect ourselves.

Community

To encourage cultural exchange and friendliness, Neighborhood Councils plan all sorts of events like festivals and athletic meets that everyone is welcome to attend.

Environment Beautification

To create and clean garbage disposal areas as well as to keep roads and streams in good condition, Neighborhood Councils contribute to keeping our environment beautiful and work to make our city a great place to live.

Traffic Safety

To keep children safe on their way to and from school, Neighborhood Councils increase traffic safety awareness and conduct traffic accident prevention exercises, and also host things like bicycle safety classes for children and the elderly.

Crime Prevention

To protect children and the elderly, and to prevent crime in our communities, Neighborhood Councils proactively provide crime prevention exercises. We also help to establish and manage street lights to so that everyone can return home in safely during the evening hours.

Community Welfare

Neighborhood Councils work to strengthen the bonds of everyone in our communities, from children to our senior citizens, fostering support among one another so that we can all live happily.

Beginning with the Fukuroi Newsletter and group information circulation, Neighborhood Councils share information to all our members in the Neighborhood Council.

Neighborhood Council Application

I would like to join your Neighborhood Council.
