

● Disaster Prevention Information

■ Fukuroi City website

<http://www.city.fukuroi.shizuoka.jp/>

■ Area mail (emergency bulletin mail)

Area mail is a service in which emergency information is distributed simultaneously to supported mobile phones. Please check with your mobile phone provider for details.

■ Fukuroi City Information Distribution Service – Mellow Net

Register to receive information from the city (announcements, disaster information, etc) via e-mail or LINE message.

Scan the QR code to access the registration site!

*Registration is free of charge

■ Disaster Emergency Message Dial

Use the trial days to test the Disaster Emergency Message Dial.

●NTT Disaster Emergency Message Dial “171”

Should telephone service be busy at the time a disaster such as an earthquake occurs, it is possible to register your safety information and inform family members (a local call charge shall apply).

① Dial “171”

↗  Record
↘  Playback

*Select one of these options

●NTT Disaster Emergency Broadband Message Board “web171”

<https://www.web171.jp/>

② Dial a telephone number

Record (30 seconds)

Playback

*If you select **1**, please record a message.

*The “message” recorded can be listened to by selecting **2**.
