①クラスター*(kurasuta)*: **"Cluster".** Originally means "group" or "crowd" in English. It is often used when talking about COVID-19 to describe a group of people who were infected in the same place. ②オーバーシュート*(obashuto)*: **"Overshoot".** When there is a sudden and dramatic rise in infections.③コロナ禍 *(korona ka)*: **"Corona Fallout"**. A term to describe the different worries and stresses caused directly or indirectly by COVID-19.④感染経路 *(kasen keiro)*: **"Transmission route".** The way by which a person is infected by the virus. Mainly used in these contexts: 1) How did the virus enter the body of the infected person? (ie. via moisture droplets or contact with an infected person) 2) What kind of circumstances was the person infected in? (ie. heavy contact with another infected person or nosocomial infection? If the circumstances cannot be identified, the infection route is unknown)

Important Sources of Information for Foreigners Living in Fukuroi City
袋井市に住む外国人向けFacabook情報発信ページ＆制度やルールをまとめた動画を作りました

Please "**like**" the **Facebook** page "**Hello From Fukuro**i!" to receive information useful to foreigners living in Fukuroi City. We have also created a **video explaining some of the systems and guidelines important for life** in Fukuroi. Please check them out at the **QR** codes below!
